EDUCATION

Harbin Institute of Technology (Shenzhen) | M.S. Computer Science and Technology

2024.9 - Present

- **GPA: 3.657/4.0** | Research Focus: Computer Storage Systems

Harbin Institute of Technology (Shenzhen) | B.S. Computer Science and Technology

2020.9 - 2024.6

- **GPA: 94.7/100** | **Ranked 10/527**

ACADEMIC PAPERS

FastTT: High-Performance Optimization of Erasure Codes for Distributed Storage

2026

Accepted at IPDPS 2026 Conference (CORE A / CCF B)

Developed and optimized erasure coding algorithms for distributed storage systems, achieving significant performance improvements in data retrieval efficiency. Integrated the implementation as a plug-in for the Ceph storage platform.

WORK EXPERIENCE

Shenzhen Inference Investment Partnership Enterprise (Limited Partnership)

2024.06 - 2024.09

High-Performance Computing Development Intern

Optimized data retrieval efficiency in computational frameworks through algorithm improvements and concurrent processing techniques. Developed technical documentation and implemented performance enhancements achieving significant speedup in data processing workflows.

PROFESSIONAL CERTIFICATES

- **CET-6 (College English Test Level 6):** Score 507

AWARDS, SKILLS AND COMMUNITY INVOLVEMENT

Awards & Honors

- National Scholarship from Ministry of Education of the People's Republic of China (2021, 2023)
- National First Prize in China National Collegiate Computer System Capability Competition (2023)
- National Second Prize in China National Undergraduate Mathematical Contest in Modeling (2022)
- Excellent Graduate Award, Harbin Institute of Technology

Technical Skills

- Programming Languages: C/C++, Python
- Expertise: Computer storage systems, software development, performance optimization

Community Involvement

- President of College Student Council (2023), Keyboard Player in University Art Troupe (2021 - Present)
- Campus Ambassador for Tencent (2023)
